

Outdoor Education

Otago Boys' High School is very lucky to own its own lodge, set in the heart of Mt Aspiring National Park, where students get the opportunity to take part in many outdoor pursuits during a week-long stay.

Mt Aspiring is a 4 hour, very scenic drive from Dunedin city and is close to the town of Wanaka in an area known as Central Otago.

The lodge is in a very beautiful and special part of New Zealand and is surrounded by rivers, mountains and glaciers.

All year 10 students get an opportunity to go to Mt Aspiring for a week and to be involved in kayaking, tramping and camping.

At senior levels, students studying Biology and Geography go on field trips to the lodge.
